Dear Sir -

As soon as you will receive
some tickets which I hardly think
you can be in want of, as here were
2000 newly printed beside the old
"Stock in the Post" -

Have the advertisements put
in the Chicago Papers immediately forward
them on receipt of this and don't go
beyond there but wait until we come
Some new arrangement must be made
for everything is too hurriedly done -

at Buffalo the concert last night
was a Catastrophe failure and no more
might here I fear will be no better -

I sent you letters to Toledo
& Detroit before and enquire at
the Post office always for letters as I know
of no other plan to address them

I send this to the Express off
on the chance of its reaching you,
why did you not give me an address
where it would reach you?

Yr hart. Servt
