

Sept. 3. 1907

Dear Sir

I hope that you will forgive the rudeness in
not acknowledging the receipt of your letter to me
before, but I was away on my holidays when your letter
arrived & I at once posted it on to Mr Sparks the
Hon Secy of the Festival for him to see to arrange
for alterations in the chorus parts as indicated
in your letter.

I have only just returned from my holidays & have
seen Mr Sparks this morning who has returned
your letter to me.

I will personally see that your wishes are
attended to & I sincerely trust that the

performance of Olav Trygvason at the
coming Leeds Festival will be a great

Success & that you will be pleased with
the efforts of our chorists.

We consider it a great honour for Leeds
that you should visit us for your delightful
music has won for itself a very warm
place in our hearts.

Yours faithfully

H. A. Tucker
